

NOTICE OF EXEMPTION

Sonoma County Permit and Resource Management Department

2550 Ventura Avenue, Santa Rosa, CA 95403
(707) 565-1900 Fax (707) 565-1103

Sonoma County proposes to carry out the following project. Pursuant to Section 23A of the Sonoma County Code, it has been determined that this project is statutorily exempt from the requirements of the California Environmental Quality Act (CEQA):

Project Title:

Russian River Floodplain Restoration; File No. PLP23-0014

Public Agency: Sonoma County

Project Applicant: Endangered Habitats Conservancy

Applicant Address: PO Box 22438
San Diego, CA 92192

Project Location: 9245 Eastside Road,
Healdsburg, CA 95448

Date of Determination: June 7, 2024

To:

County Clerk- Recorder Office
County of Sonoma

585 Fiscal Drive, Room 103
Santa Rosa, CA 95403

Office of Planning and
Research

P.O. Box 3044, Room 113
Sacramento, CA 95812-3044

DESCRIPTION OF NATURE, PURPOSE AND BENEFICIARIES OF THE PROJECT:

The Russian River Floodplain Restoration Project proposes to restore a functional floodplain at a former gravel quarry of approximately 358-acres along the middle reach Russian River near Windsor, CA. The proposed natural process-based project design will improve the functions and values of the Russian River for ecological benefit, flood management, improved water quality and public enjoyment. The proposal also includes limited public access including public parking off Eastside Road, trail system, and small boat-in campground. The project proposes removal of Mineral Resources (MR) combining zone from APNs 066-290-049, 066-300-011, and 110-110-016, and change in General Plan land use and base zoning from Land Intensive Agriculture (LIA) to Land Extensive Agriculture (LEA) for APNs 066-300-011, 110-110-016, and 110-110-015.

EXEMPT STATUS:

Statutory Exemption(s). Sec 23. Section 21080.56 Statutory Exemption for Restoration Projects.

REASON WHY THIS PROJECT IS EXEMPT:

As lead agency, Sonoma County has determined that the Project is exclusively a project to conserve, restore, protect, or enhance, and assist in the recovery of California native fish and wildlife, and the habitat upon which they depend, and a project to restore or provide habitat for California native fish and wildlife. The Project enhances connectivity between the Russian River and floodplain, restoring riverine processes to benefit native species including Central California Coast (CCC) coho salmon, CCC steelhead, and California Coastal (CC) Chinook salmon. The Project includes incidental public benefits with public access through a multi-use trail and boat-in campground. The Project results in long-term net benefits to climate resiliency, biodiversity, and sensitive species recovery; and includes procedures for ongoing management for the protection of the environment. A concurrence letter signed by the Director of CDFW was posted on CDFW's website on May 28, 2024, and was thereafter sent to and received by the County of Sonoma by email on June 6, 2024 (CDFW CONCURRENCE NO. 21080.56-2024-052-R3). In reliance on the CDFW letter and the facts stated herein, the County hereby determines the project is exempt.

This Notice of Exemption is filed pursuant to the provisions of Section 15062 of the State CEQA Guidelines. This notice will be provided within 48 hours to the Office of Planning and Research.
