Receipt of application by the Agency is not a guarantee that a sewer service permit will be issued. Each application will be reviewed individually by the Agency. After such review, the Agency reserves the right to grant or reject said application for any cause which may adversely affect the Agency's wastewater treatment system.

Each application and each sewer service approved pursuant thereto runs only with the parcel of land for which it is applied for and/or approved and may not be transferred to any other parcel of land.

Applicant Signature, Date
