GRD26-0028	Payment Due	Grading Permit	3/6/2026		7740 Hwy 128 Geyserville [GEY]	At the end of 2025 Spring burn season Capt Carlos Mendez from Guernville Fire Dept visited the property and said the trails in current condition would not allow them to access to fight fires and recommended clearing them along with our already in progress wildfire protection measures focused on removal of downed trees from Kincaid.  In September Jackie Crawford received a complaint and came to 7740 Hwy 128 Healdsburg to review, along with Joshua Ricci and Alisa Keenan. I stopped work and once they reviewed and let me know that the organic material in the drain area needed to be removed and to add the planned wattles, mats and other erosion control measures. Joshua advised me to continue working and complete by 10/3 and to get a Stormwater Permit. I have come to Permit Sonoma a few times to discuss the permit format and the correct one. The team was unable to come out to inspect last week but I expect them this week and hope to have this permit for their reference.	131-150-022	\$2678.37	\$0.00	03/01/2026 - 03/31/2026
